

Dear Council Members, Regional Officers, and National Secretaries:

We have an addendum to Council Circular 2006/01 as it concerns the following item:

9 Composition of the International Program Committee 2008 (IPC2008).

In addition to the proposed members David Balding (British Region), Brian Cullis (Australasian Region), Ralitza Gueorguieva (ENAR), Linda Haines (Group South Africa), Byung Soo Kim (Korean Region), and Hans-Georg Mueller (WNAR) **it is further proposed that Claudio Struchiner (RBras) serve as a member of the IPC2008.** All have agreed to serve upon Council approval.

All Council members, non-voting ex-officio Council members, National Secretaries, and Regional Officers should have received Council Circular 2006/01 on 29 April. It is a lengthy document containing 10 items and an appendix (New Remit and Structure for the IBS Education Committee). All Council members also should have received the ballot. If you did not receive the Council Circular, please notify us immediately so that we can provide you with the document.

It is our goal to achieve 100% council participation this year.

Sincerely,

Claire Shanley,
Executive Director
